Become a supporter of St. John's Pride and help contribute to this city's rich, diverse culture and heritage! St. John's is a fabulous city – colourful, full of character and one with a long history. St. John's has a thriving LGBTQ community which is every bit as colourful as the city itself.

As Newfoundland and Labrador's original Pride festival, our focus is on fostering leadership and diversity in the LGBTQ community and delivering public events that celebrate and promote the visibility of LGBTQ people and their accomplishments.

- St. John's is the oldest city in North America and home to the oldest street in North America, Water Street.
- St. John's became one of the first Canadian cities to have an official gay bar, back in 1974 when 'Friends' opened its doors. Prior to its opening, there were several local bars that were dubbed gay friendly, such as the Hotel Newfoundland bar, which Time Magazine dubbed "one of Canada's great gay hangouts from 1968 - 1973".
- St. John's is located on the northeastern arm of the Avalon Peninsula, making it the most easterly Pride Festival in North America.
- With an increasing growing number of spectators and participants, the annual St. John's Pride Parade showcases the diversity of our community with various groups and organizations marching in support of the LGBTQ movement.
